

Database Engineer Alternate (M/F)

 Working student

 Boulogne-Billancourt (92)

PRESENTATION

Peters Surgical, a French company, develops, produces and markets sterile single-use medical devices for the operating room and intended for surgeons.

As the European leader in medical devices, we have more than 750 employees worldwide. Our international dimension allows us to distribute our products in more than 90 countries.

Joining Peters Surgical means joining a dynamic structure and participating in the development of a company in full expansion. As such, we are looking for a:
